

NEW EVEREST

Ford

EVEREST SMART FEATURES

KEYLESS ENTRY & PUSH-BUTTON START¹

Set off without ever taking the key out of your pocket. Just open the door to unlock the New Everest and press a button to start the engine.

DUAL-PANEL (POWER) MOONROOF²

Open up your world and experience life under clear blue skies with a glass panoramic moonroof that comprises nearly 50% of the New Everest Limited's roof space and includes a powered sunblind.

TERRAIN MANAGEMENT SYSTEM

Tackle any surface³, on- or off-road, at the turn of a dial. With Terrain Management System⁴ on 4WD models you can shift modes to maximise traction and stability whether you're on snow, mud, grass, sand, rock, or road.

PRE-COLLISION ASSIST WITH PEDESTRIAN DETECTION (AUTONOMOUS EMERGENCY BRAKING)

On Limited models, this feature is designed to scan the traffic ahead and warn you if it senses the possibility of a collision with traffic or pedestrians. If a collision is likely, it can apply the brakes⁵.

¹Only available on XLT and Limited derivatives. ²Only available on Limited derivative. ³The driver is responsible for assessing off-road situations, determining if the terrain is passable and using appropriate off-road driving techniques. ⁴To activate Rock mode, the vehicle must be stationary and in 4WD low range. Mud, Grass, or Snow mode does not replace the need to fit chains if required. ⁵Driver-assist features are supplemental and do not replace the driver's attention, judgment and need to control the vehicle. May not operate at certain speeds, or in certain driving, road or weather conditions. ⁶Maximum towing capacity using a Genuine Ford Tow Pack. Subject to State and Territory regulations. To comply with these limits, occupants and/or luggage may need to be restricted. For further details regarding passenger and luggage restrictions, please consult your authorised Ford Dealer and/or refer to the Owner's Manual. ⁷Maintaining a steady speed of not more than 7km/h.

Lane Keeping Aid

Cruise Control

Rain Sensing Wipers

SYNC[®]

SYNC[®]3 is a fully integrated, voice-activation system that lets you use your favourite devices while your hands stay on the wheel and your eyes stay on the road. Sync your phone to call your friends and play your favourite music, and stay on track with the integrated satellite Navigation system. Equipped with a customisable 8" colour LCD capacitive touchscreen; SYNC[®]3 is quicker and more responsive than ever before.

*Sync[®]3 is standard on XLT and LTD.

BIG TOWING CAPACITY

Be ready for any task, no matter how big. The New Everest XLT and Limited models with the new Bi-Turbo diesel engine can now tow even heavier loads with a maximum rated towing capability of 3 100kg⁶.

EXTRAORDINARY CAPABILITY

The new Everest 4WD will confidently wade through water up to 800mm deep⁷ and with a high ground clearance of 225mm. Uphill isn't a battle either, thanks to Hill Launch Assist⁵. And on the way back, Hill Descent Control⁵.

8 INCH COLOUR TOUCH SCREEN

The 8" Colour Touch screen delivers improved connectivity and is largely equivalent to SYNC[®]3 with the exception of Navigation and Embedded Voice Recognition. The system is fully compatible with Android Auto and Apple Carplay. Other features include Applink, text-to-speech and Wi-Fi hotspot compatibility.

*8" colour touch screen in standard on XLS.

BI-TURBO DIESEL

157kW / 500Nm

4-Cylinder Diesel Engine

The innovative Bi-Turbo diesel engine's two turbos work sequentially to deliver huge power and torque, combined with a state-of-the-art 10-speed auto transmission.

Computer-generated image. Features differ per derivative. See specification sheets.

SINGLE-TURBO

132kW / 420Nm

4-Cylinder Diesel Engine

Not only does the Single-Turbo diesel engine deliver strong performance lower down the rev range, the 10-speed automatic transmission also helps improve fuel efficiency.

3.2L TDCI

147kW / 470Nm

5-Cylinder Diesel Engine

The tried, tested and trusty workhorse that has capably delivered seamless torque to thousands of EVERESTS.

2.2L TDCI

118kW / 385Nm

4-Cylinder Diesel Engine

The economic choice, this engine will provide thrifty service for years.

FREEDOM IS WAITING

Choose the 3.2L TDCi engine with 6-speed auto transmission or the extraordinary new 2.0L Bi-Turbo engine with 10-speed auto transmission that delivers 157kW of power and 500Nm of peak torque, with greater engine refinement and outstanding fuel economy. Rear-wheel drive or four-wheel drive (4WD), both with seven seats, the New **EVEREST** is ready to discover what lies beyond the road's end.

FORD PROTECT

Ford **PROTECT** offers a holistic suite of service, maintenance, warranty and roadside-assistance products aimed at keeping your new Everest in perfect working condition.

All new Everest derivatives retailed after 01 April 2018 will have service intervals of 12 months / 15000km whichever comes first. Rangers retailed prior to April 2018, please make sure you follow your service booklet for your service intervals. Service Plan covers all scheduled servicing except friction materials, i.e. brake pads and wiper blades. An Extended Warranty may be purchased prior to the expiry of the 4-yr/120 000km New Vehicle Warranty, please contact your dealerships for additional options on the extended warranty. Consult the vehicle handbook, www.ford.co.za or your nearest Ford Dealer for more information regarding Ford **PROTECT** plans and products.

Warranty: Extension covering your vehicle for up to 7 years or 200 000kms from the original warranty start date. Please contact your nearest Ford franchise dealer for all available options.

Service Plans: Extensions available for up to 8 years or 165 000kms from original warranty start date. Please contact your nearest Ford franchise dealer for all available options.

Maintenance Plans: Ford Protect has a variety of maintenance options for up to 7 years or 150 000kms. Please contact your nearest Ford franchise dealer for all available options.

Roadside Assistance: Option for an additional 1 or 2 years Roadside Assistance.

The declared fuel consumption and CO₂ emissions figures were achieved during technical laboratory testing in accordance with the legislated technical specifications (SANS 20101: 2006/ECE R101: 2005 as last amended) and validated and approved by the UK Vehicle Certification Authority (VCA). Fuel consumption and CO₂ emissions figures are used to compare different vehicle types under uniform conditions, and are not necessarily indicative of real-life driving conditions. Note that the actual fuel consumption and emissions levels will depend on many factors and are directly affected by the length of the journey; number of passengers and the amount of luggage carried; individual driving style; road conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures in day-to-day driving, although the vehicle is technically capable of doing so.

Ford reserves the right, subject to all applicable laws, to discontinue or change features and other specifications either temporarily or permanently, which will be communicated to the Ford Dealer Network. Printed July 2021.
